THE RUSSIAN ADVANCE towards

16s. [Ready.]

"Besides giving the latest features of the new Russian Conquests beyond
the Caspian, furnishes most graphic and interesting accounts of the home-
life of Skobelev, Ignatieff, and other celebrities. . . . The Russian
Advance towards India possesses a special fascination on account of the
insight it affords into the private lives of the leading Russian generals and
statesmen. Mr. Marvin's reputation as an authority upon Central Asia has
become so thoroughly established that this work can hardly add to it, but
the personal and anecdotal features are sure to attract a wider circle of
readers than a mere political work."—*Whitchell Review*.

BLINDNESS

AT LEAST ONE-FOURTH OF those
suffering from BLINDNESS can clearly trace their calamity to the
use of COMMON SPECTACLES, imperfectly adapted to their sight by
ignorant pretenders to optical science.

MR. HENRY LAURANCE, F.S.S.

OCULIST OPTICIAN,

3, Endsleigh Gardens, Euston Square, London,
can be personally consulted, and his IMPROVED SPECTACLES supplied,
at the above address daily (Saturdays and Sundays excepted) from 10 to 4.

Mr. LAURANCE'S engagements at various institutions prevent him from
being personally consulted at any other time.

Sir JULIUS HENDECK, Manchester-square, London, writes:—"I have
tried the principal opticians in London without success, but your spectacles
suit me admirably, both for reading and walking. The clearness of your
glasses as compared with others is really surprising."

Dr. BIRD, Chelmsford, late Surgeon-Major W.E.M., writes:—"I
could not have believed it possible that my sight could have been so much
improved and admirably relieved at my age (82). I can now read the
smallest print, although suffering from cataract on the right eye."

Mr. LAURANCE'S Pamphlet on Spectacles, free by post, containing 200
testimonials similar to above, including John Lowe, Esq., M.D., J.P., Lynn,
